Last Updated: [07th April 2025]

By accessing or using our services, you agree to comply with and be bound by these Terms and Conditions ("Terms"). Please read them carefully before using our services.

1. No Responsibility for Created Vehicle Transactional Data

We hereby disclaim any responsibility or liability for the accuracy, completeness, or reliability of the vehicle transactional data ("Data") created through our services. All Data is generated based on actual transactions and real-world vehicle information, but may reflect slight variances due to factors such as body condition, environmental conditions, and other relevant parameters.

These variances may result in discrepancies between the Data presented by our system and the actual condition or status of the vehicle. As such, we do not guarantee that the Data will always be an exact match to the real-world vehicle's current status or attributes.

2. Variance of Data

The vehicle transactional data may vary slightly due to multiple factors, including but not limited to:

- Changes in vehicle body condition, age, and wear
- Modifications made by previous owners or users
- Updates to transaction-related information that may not be immediately reflected in the system
- Environmental factors affecting the vehicle's status

3. User Responsibility

It is the user's responsibility to verify all vehicle-related information, including the Data generated, and to conduct their own due diligence when making any transactions or decisions related to a vehicle. We strongly recommend that users verify transaction details, inspect vehicles, and consult relevant professionals when necessary.

4. Limitation of Liability

We will not be held responsible for any loss, damage, or inconvenience resulting from any inaccuracies, errors, or variations in the vehicle transactional data generated. Users acknowledge and agree that the Data is provided "as is" and that we shall not be held liable for any consequences arising from reliance on the Data.

5. Changes to Terms

We reserve the right to update or modify these Terms at any time, without prior notice. Any changes will be effective immediately upon posting on our platform. Users are encouraged to review these Terms periodically for any updates.
